

“Wooden world s for little ones”

www.kukkawood.com

To create the safest and healthiest playgrounds for children without sacrificing sustainability;

The Kukka brand sets out to color the play world of the little ones in the safest way with the power of production and the experience gained in the mother & baby sector for years.

The Kukka team, which adheres strictly to the trends; It turns healthy and nature-friendly solid wood blocks into extremely safe children's furniture and healthy wooden toys by superior production technologies and master hands.

Today, the healthiest and safest play environments for little ones are built from wooden materials. Wood also symbolizes closeness to nature and natural life. With the aim of creating wooden worlds for the little ones, the new generation, dynamic and modern Kukka brand is the first choice of parents and is taking firm steps towards becoming the star that decorates the play world of beloved babies & children.

SUSTAINABILITY

We use recycled or responsibly sourced wood for most of our wooden products.

SIMPLE / EASY TO BUILD

We design our wooden furniture to be simple and easy to assemble.

CHEMICAL FREE

HEALTHY (NO PAINT / NO VARNISH FOR INDOOR)

We do not use any paint or varnish on our wooden furniture. This protects your children from harmful chemicals.

FUNCTIONAL

We design our wooden furniture to fit different play scenarios.

RELIABILITY

We make our wooden furniture to last for years and be passed on to future generations

MANUFACTURING FACILITY

kukka
kids

SAFE BABY FURNITURE

Kukka was launched by Ulusal Elektronik in 2019.

With investments in machinery range, our production capacity reached above European standards in a short time period.

Kukka offers safe and high-quality products to the market with its knowledge and experience gained since its establishment.

We produce our products in an environmentally friendly way, using the latest technology machines and equipment, and applying the most reliable quality and certification processes in the furniture sector.

Our products are made of carefully selected materials for the health and comfort of babies.

You can safely use every product that comes out of our production facility with a monthly production capacity of 100,000 units for your baby.
